## We help women from Ireland and Northern Ireland travel to England to access a safe and legal abortion

Abortion Support Network provides financial assistance and accommodation to women\* travelling from the Republic of Ireland and Northern Ireland. Funding is available on a case by case basis depending on financial need and availability of funding. We also provide confidential, non-judgmental information to anyone who contacts us via phone or email who is seeking information about travelling to England for an abortion, as well as information about reputable providers of early medical abortion pills by post.

Our helpline continues to get busier and busier; the women who call us need help urgently. ASN is only able to help these women because of the generous supporters who donate their time and money to ASN. Thank you. Special thanks to those supporters who donated to our Next Level campaign recently – [read more here](#).

## About ASN

Abortion Support Network (ASN) is a charity that provides financial assistance, accommodation and confidential, non-judgemental information to women forced to travel from Ireland and Northern Ireland and pay privately for abortions in England. The cost of this ranges from £400 to £2000 depending on circumstance and stage of pregnancy.

ASN was founded with the understanding that making abortion against the law doesn't stop abortion but only stops safe abortion. Or as we say as often as we can to anyone who will listen, making abortion against the law means that when faced with an unwanted pregnancy, women with money have options and women without money have babies, or do dangerous and desperate things.

ASN is not a campaigning or lobbying organisation. While other organisations campaign for much needed law reform, our volunteers work hard to provide immediate, practical support to women who are unable to access safe and legal abortion in their own countries. We believe that the laws in these countries should change, so that women don't have to seek help from our organisation. In the meantime, we will do as much as we can to help as many women as possible.

# Donate

---

**Abortion Support Network is funded almost entirely by donations from individuals .** Without ASN, women would be left with no other financial and practical support towards the £400-£2000 it costs to travel and pay privately for an abortion.

As ASN is largely volunteer-run and operates with no office, limited overhead, and minimal operational costs, the majority of donations go directly to help cover the cost of a woman's abortion or her travel to England.

Donating here helps us to keep our costs low, and is quick and secure – thank you!
